IJ-110
UNSURPASSED
PERFORMANCE AND
FUNCTIONALITY FOR THE
HIGH VOLUME MAIL CENTRE

The high performance, intelligent machine that takes productivity to a whole new level

WE VALUE YOUR MAIL 

neopost

IJ-110

THE HIGHEST PERFORMANCE AND FUNCTIONALITY IN ITS CLASS

If maximum performance is your top priority, then the Neopost IJ-110 is the logical choice. One of the fastest inkjet machines on the market, it's also one of the most economical to run. The IJ-110 simply outperforms other machines in its class in several areas: ultimate speed, mixed weight speed, impression cost, and mail management options. It's a wonder how such a fully-featured performer can be so easy to run. No matter how big your mail run, the IJ-110 gets it done, quickly and easily.

Better still, the IJ-110 comes with enhanced accounting capabilities, so you can manage your postal spending more efficiently and turn your mail centre into a profit centre.

The mixed mail feeder eliminates time wasted sorting mail by size, thickness or weight and handles your mail at up to 15,000 envelopes per hour

The pump-fed water spray sealing system ensures a perfect envelope seal and cleans easily without a service call

The Neopost Weigh Mailer allows in-motion weighing, so you save time and simplify your entire mailing process

MAXIMUM FLEXIBILITY IN HANDLING ENVELOPES

With the IJ-110, productivity comes with flexibility. The mixed mail feeder easily handles letters of different sizes in either portrait or landscape, saving you time by not having to presort mail. It also handles all kinds of envelopes – nested or non-nested, which can be sealed or not according to your needs.

A WIDE CHOICE OF WEIGHING OPTIONS

Neopost's weigh mailer will weigh items up to 1kg in-motion, automatically and accurately adjusting the postal rate. You can also use a weigh platform or external scale to calculate the postage for each piece removed from the platform using differential weighing, instead of setting a scale for each item. All your weighing and postage infractions are displayed on the IJ-110 LCD screen: The convenience of 1 screen!

The large, touch-screen control panel is programmable to make operating the IJ-110 simple and intuitive

Automatic label dispenser stores and prints up to 50 labels, for swift and easy parcel post

PROCESS UP TO 15,000 ITEMS PER HOUR

FEED AND SEAL DIFFERENT SIZE LETTERS UP TO 5/8" THICK

ACCURATELY WEIGH MAIL IN-MOTION AND APPLY EXACT POSTAGE

CONTROL AND ALLOCATE POSTAL COSTS FOR UP TO 500 ACCOUNTS

CONNECT TO A PC TO TRACK, ANALYZE AND MANAGE POSTAL EXPENDITURES

SAVE ON OPERATING COSTS AND MAXIMIZE PRODUCTIVITY

The new high-capacity ink tank system helps you reduce operating costs with an outstandingly low cost-per-impression. It increases operating time for maximum productivity and the cartridge can be conveniently replaced in seconds.

PROJECT A QUALITY IMAGE

100% inkjet and 100% digital technology gives you sharp, clear printing that enhances the professional look of your organization. A choice of nine customized slogans can be loaded from memory cards and you can add your company name, greetings, slogans – even logos and photographs.

TOUCH-SCREEN TECHNOLOGY MAKES OPERATING EASY

The clear, intuitive interface on the IJ-110 is big enough to read and operate easily. Both first-time users and experience operators will enjoy fast, direct access to important information and one-touch recall of regular jobs.

PERFORMANCE AT THE CORE OF YOUR MAILING SYSTEM

When linked to a Neopost folder inserter, the IJ-110 comes with all the power you need in a complete mailroom solution, with continuous, ready to mail processing. Mail is folded, inserted, sealed, weighed and stamped in a single, automatic process, enabling the IJ-110 to deal with large batches of invoices and marketing mailers in a matter of minutes.

IJ-110

DIGITAL MAILING MACHINE

The Neopost IJ-110 uses intelligent technology to deliver high performance and increase mail centre productivity.

- Envelope processing speeds of up to 250 letters per minute
- Process mixed mail up to 5/8" thick
- Track expenditures for up to 500 departments
- PC interface for exporting data and reports

BETTER MAIL MANAGEMENT WITH ADVANCED ACCOUNTING

If you're looking for better control of your mailing expenditure, the IJ-110 makes it simple. Connect it to a PC equipped with Neopost's postage management software so you can track, allocate and analyze your postal costs by department, postal rates and time periods.

THE FAST, SIMPLE DIGITAL POSTAGE ON CALL SYSTEM.

Many systems are slow and complicated, often requiring long calls. The IJ-110 helps you avoid all that. Neopost's digital P.O.C. system refills your mailing machine with postage in just a few key strokes, getting you back to business in seconds, 24 hours a day, 365 days a year. Just dial the number, punch in your pin and key in the valued amount needed. It couldn't be simpler!

WHY CHOOSE NEOPOST?

- 90% of Our Customers in Canada would recommend us to an associate.*
- We pick up your call within 60 seconds.
- At Neopost, we fix your problem the first time and have you back up and running within 8 hours.
- We were the first to introduce digital technology to the mailing industry (Yr 2000), so when it comes to mailing system innovation, you can trust Neopost expertise.

So why would you choose Neopost, because you get more than a mailing system, you get RESULTS!

NOW YOU HAVE A CHOICE!
